

### **Amendments to Specification**

Please amend the abstract, lines 6-7 as follows: Fastener (10) includes ~~means such~~ as clip (22) for engaging head (18).

The Examiner has objected to page 10, line 22 detailing that "14" should be "12". Applicant disagrees with this objection. Air bag bracket 12 is different from bracket 14. Please see Page 10, lines 21-25 and Page 11, lines 1-3.

Please amend Page 11, line 4 as follows: Locking pin 16 includes head 18 being of larger dimension than ~~that~~-shaft 20 of locking pin

Please amend Page 12, line 12 as follows: invention. In this Figure, fastener 60 once again holds air bag bracket 12 in spaced

### **Remarks**

The May 11, 2009 Office communication contains multiple parts so for ease of responding, Applicant will respond to each part by section number.

### **Election/Restrictions-Parts 1 and 2**

Applicant confirms that the proper election was made and that Claims 40-78 should be withdrawn pursuant to the restriction requirement. However, part 2 drew light to the fact that it appears that the Examiner never received the proper claim set.

Applicant only filed 76 claims, not 78 claims, in the National Stage filing. Attached as Exhibit A is the first filed Transmittal Letter to The United States Designated/Elected Office Concerning a Submission under 35 U.S.C. 371. This Transmittal Letter clearly shows only 76 claims being filed. Attached as Exhibit B are the 76 claims filed with that Transmittal Letter.
